What is a Thinking Culture?

A thinking culture is a classroom environment where students are encouraged to think deeply, question effectively, and solve problems creatively. In a thinking culture, students are not afraid to make mistakes or take risks. They are encouraged to share their ideas and to challenge the ideas of others.

There are many benefits to creating a thinking culture in the classroom. Students who learn in a thinking culture are more likely to:

- Be engaged in their learning
- Develop critical thinking skills
- Solve problems creatively
- Make informed decisions
- Be successful in school and in life

50 Teaching Strategies to Support a Thinking Culture

This book provides 50 teaching strategies that can help you create a thinking culture in your classroom. These strategies are organized into five sections:

- 1. Creating a Positive Learning Environment**
- 2. Encouraging Critical Thinking**
- 3. Teaching Problem-Solving Skills**
- 4. Fostering Creativity**
- 5. Assessing Thinking Skills**

Each strategy is described in detail and includes examples of how to use it in the classroom. There are also discussion questions and activities that you can use to help your students develop their thinking skills.

Creating a thinking culture in the classroom is essential for fostering student learning and growth. This book provides 50 teaching strategies that can help you create a thinking culture in your classroom. These strategies are based on the latest research on cognitive development and learning. By using these strategies, you can help your students develop the critical thinking skills they need to succeed in school, work, and life.

6 critical questions

things to think about when someone has something to say

who

Who said it?

Someone you know? Someone famous?
Someone in authority?
Should it matter who said it?

what

What did they say?

Did they give facts or opinions?
Did they give all the facts?
Did they leave something out?

where

Where did they say it?

Was it in public or in private?
Did other people have a chance to talk about the other side?

when

When did they say it?

Before, after, or during an important event?

why

Why did they say it?

Did they explain their own bias?
Were they trying to catch someone
with gold or bait?

how

How did they say it?

Were they happy, sad, angry, or didn't care?
Did they write it or speak it?
Could you understand it?
