As Ganymede's population grows and its resources become increasingly valuable, tensions rise between the Earth-based authorities and the colonists who have made their home on this distant world. The seeds of conflict are sown, threatening to shatter the fragile dream of interstellar harmony.

A Conflict of Titans

When a rogue asteroid hurtles towards Ganymede, the fragile peace is shattered. The Earth Defense Force, determined to protect its interests, dispatches a fleet of warships to intercept the threat. But the colonists, suspicious of Earth's motives, see this as an act of aggression.
