

Travel To Oman: Where Mars Is On Earth

Oman is a country of contrasts. It is a land of ancient traditions and modern development, of towering mountains and sandy deserts, of pristine beaches and bustling cities. But perhaps Oman's most striking feature is its otherworldly landscapes. The Wahiba Sands, a vast expanse of rolling dunes, is reminiscent of the Martian landscape. And the Hajar Mountains, with their jagged peaks and deep canyons, are a hiker's paradise.
